Description

Kit sottolavello inferiore V - versione alta - caratterizzato da un basamento in lamiera zincata e verniciata e progettato per essere appoggiato direttamente sul fondo del cassetto. Abbinato a coperchi manuali rimovibili in acciaio anti-impronta o in plastica. Nella parte posteriore include un vano portadetersivi, pensato per ottimizzare lo spazio. Sezione dedicata all'umido con filtro a carboni attivi, antiodore e lavabile di serie.

The V lower undersink kit - high version - features a pre-galvanized and epoxy-coated sheet metal, designed to be placed directly on the drawer bottom. It comes with manually removable anti-fingerprint stainless steel or plastic lids. Integrated rear detergent compartment to optimize the space. Organic waste section with odor-resistant, washable, activated carbon filter as standard.
